

## Dave Hartleip

My wife Anne and I, along with our dog Maisie, live on Forest Drive and have loved living on Moose Lake for 24 years. We have been MLAA members since we first moved to the lake. I joined the MLAA board in 2016.

I am a Regional Sales Director for ADLINK Technology, Inc. covering 12 states in North Central US. As well as loving time on the lake (windsurfing, kayaking, paddleboarding, swimming) Anne and I are motorcycle nuts and enjoy a sip of bourbon every now and then (but never mix the two!).

I believe that transparency is crucial for small organizations such as MLAA. I am a vocal advocate for listening to all lake property owners for guidance.

I am committed to doing whatever I can to help ensure that Moose Lake remain a clean, safe and wonderful lake to enjoy for years to come.
