

My name is Sue Laabs and my husband, Kevin, and I have been Moose Lake residents since 2000. I am the CFO of Zilber Ltd., a national real estate development company, and I have served on the MLAA board as treasurer for the past four years. I am stepping down as treasurer to give others a chance to bring fresh ideas to our association, but would like to serve as an at-large director for one more year to provide continuity and to be a resource for our new treasurer and other new board members as they assume their new roles.

My family enjoys swimming, kayaking, sailing and boating on our beautiful lake. I appreciate our unique boating hours which allow time for both slow-no-wake and wake activities, and I am in favor of maintaining the same or similar schedule.
