

As a life-long resident of the lake country area, I have had the opportunity to live on several different lakes in the area. When we recently decided to down-size, 3 years ago, we had the good fortune to move to Moose Lake. I have been a member of the Moose Lake Advancement Association since 2019. While living on Hasslinger Drive, my neighbors have become my friends, and I absolutely adore living on the lake.

I graduated from UW-Madison with a BA in communications and have worked in several community-based programs over the years. I have been married to my husband, Jason, for 26 years. We have 3 children. Harrison 23, Cambel 20, and our daughter Marina 13. We also have a dog named Yogi.

I enjoy anything outdoors; running, biking, water and downhill skiing, paddle boarding, boating, as well as, reading remodeling, and being a part of my children's sport activities.

I have volunteered with several different groups in the area including schools, church, and coaching opportunities. I will once again be coaching my daughter's volleyball team this fall.

I am looking forward to using my past experiences and knowledge to serve on this board.
