

I have lived on the lake for the past 22 years. I enjoy the lake life and especially Moose Lake. I like doing many activities on the lake including swimming, paddle boarding, boating, kayaking, etc. For the past three years I have been on the board, two of those years serving as secretary. Also, since I live close to launch and as was part of the original lake group minimizing the DNR launch area when that was built, I have acted as a liaison with the DNR as launch issues arise such as over parking, garbage, or sometimes their lack of general up-keep with the maintenance. It has been such a pleasure living on the lake and look forward to many more years in Lake Country.
